Kathryn & Roxie

Hi, my name is Kathryn. I am 13 years old. I am in a wheelchair.

I have been since I was 2. I got my assistance dog, Roxie, in August, 2004. Before then I had to rely on my parents to do a lot for me.

Now that I have Roxie I am more independent. She pulls my wheelchair, picks stuff up that I drop or need, takes my shoes and socks off and turns the light on and off, helps undress, takes the video out of the machine. In the morning she gets my shoes and socks out of the drawer. She is my best friend in the world and she is always with me. We are a great team and we will last forever.
